FAQs

1) Will my son be doing the same two sports in the subsequent years?

As the Modular Sports programme aims to provide exposure, we do not encourage boys to repeat the same sport module.

2) Will my son have the opportunity to move to ACScite in the subsequent years?

Ongoing observation will be done by teachers and coaches during the ACSplore programme. If your son is observed to be ready, recommendation will be made for him to specialize in a specific ACScite sport. P3 to P5 boys may be recommended to move from ACSplore to ACScite if the coaches and teachers see that they are ready.

3) What is the criteria for to represent the school in NSG?

We will look out for the students' attitude, commitment (1 semester) and skills. The student can only represent the school if he has committed to our school training for at least one semester. Exception is made for official national representation that the school has sanctioned.

No. All P3 boys must have gone through ACSplore for at least a year before the coaches/teachers recommend them to go into ACScite. P4 and P5 boys may be shortlisted for ACScite in mid year. Exceptions are made for boys who are selected for the national youth squad that is run by the official National Sports Association.

5) When will the ACSplore sessions be held?

These sessions will last 1.5 hour and will be held on Mon, Wed or Fri any time between 2 to 6pm.

6) Can my son take more than one CCA?

We will do our best to allocate your son one of his two choices.
